

Multifilamentary Bi-based,
Superconductor

(a)

YBCO Coated Conductor

(b)

FIG. 7.25 Cross-sectional view of practical high- T_c superconducting composites: (a) multi-filamentary $(\text{Bi,Pb})_2\text{Sr}_2\text{Ca}_2\text{Cu}_3\text{O}_{10}$ silver-alloy sheathed high- T_c superconductor tape; (b) coated thick-film $\text{YBa}_2\text{Cu}_3\text{O}_7$ superconductor tape. (From Banker 2003.)
